

Sparks Of Wisdom
Egotism
He who thinks he can find in himself the means of doing without others, is much mistaken, but he who thinks others cannot do without him, is still more mistaken.

Editorial

CHECK YOUR FUSES TODAY!
The cause of a fire which Sunday afternoon swept through a Russell Street, two-family dwelling has been established as overloading.
In a booklet "Check your home for electrical fire hazards", issued by the Ontario Fire Marshall's office and available at the local fire hall, it is revealed that the misuse of electricity caused 1,577 fires with a loss of \$2,826,022 in the Province of Ontario during a recent year. One out of every five fires in Ontario was caused by the misuse of electricity, the booklet reveals.
Fire Chief Arnold Watson said this morning his department personnel will gladly check fuses for any home. "15 amp fuses should be quite sufficient for any home. If 15 amp fuses are used, there are now connected in a circuit then this circuit is overloaded," declared the chief.
Fuses are safety valves in your electrical wiring. Check Yours Today.

RYTHMIC RULES
There are six things that you should know
When driving on the ice and snow
Always give the road a lead
Don't make a sudden wheel
On your brakes don't ever jump
But rather, gently quicken
That way you'll avoid the skids
That injure folks—especially kids.
Keep your windshield clean and bright
And your wipers working right
And your speed—always slow
Be able to stop wherever you go
Don't follow too closely—leave plenty of room
One would want to be swept up with a broom!
Remember these things and be in the know
Be alert in your car not dead in the snow
—Ontario Traffic Safety.

Turning Back The Calendar

FEBRUARY 22, 1910
On this day 50 years ago a presentation took place at the residence of Mr. L. V. O'Connor when the members of the Separate School Board presented him with a magnificent grandfather clock. An address was presented by Mr. N. Callaghan, secretary which conveyed the Board's appreciation of the valuable services rendered by Mr. O'Connor in the interests of education. The members of the Board were Messrs. W. E. Baker, Chairman; Leo Primeau, N. Callaghan, secretary, L. V. O'Connor, F. McElroy and J. R. O'Neill.

FEBRUARY 22, 1955
On this day 25 years ago it was announced that Michael Hogan, well known local man and former farmer who lived north-east of town, had been appointed to the staff of the Liquor Board Store in Lindsay. The store had been managed by a three man staff since November 1959. The staff at this time numbered four.

NOTICE

Take notice that by authority of by-law No. 284 of the Town of Lindsay it is prohibited to throw, place or deposit any refuse, garbage, household or other refuse, or refuse on streets, sidewalks or public places. And upon any person who contravenes this by-law a penalty of \$50.00 is hereby made.

W. R. ALLEY,
CLERK AND TREASURER.

BRINGING UP FATHER
Open this book and you'll find a whole new world of fun and games for your family. It's the only book of its kind. It's the only book that's been called "The Funniest Book Ever Written" by the New York Times. It's the only book that's been called "The Funniest Book Ever Written" by the New York Times. It's the only book that's been called "The Funniest Book Ever Written" by the New York Times.

The Human Mind and Body

By Peter J. Steterson, M.D. F.A.C.P.
When Family Moves To Another Town Wife Worries
About Finding Doctor
My husband has just moved to a new job. We're moving out of the state. I suppose I should be concerned about my children having to get used to new schools and playmates. But that doesn't bother me half as much as having to find a new doctor." So writes Mrs. H. of Ashland, Ky.

COMMENT: How often do I receive such notes from people. It's nice to know that we aren't taken for granted, and we sometimes seem to be. You can liken it to the youngster when he leaves home for the first time. His father and mother are just old buddies and when he is safely alone, he isn't too sure he can do on his own. So he realizes how much he depends on them. But cheer up, Mrs. H. Although parting is such sweet sorrow, I guarantee that you will soon find a doctor who after time has healed their hurt—measures up to the one you left back home. Doctors die, or they retire, or they move away. Patients are kind enough to remember them for many years. You don't know how much we appreciate it.

But soon you will be saying, "Dr. Smith, I think you'd like to know that I like you as well as I did our old doctor Brown back home. I never thought I'd find another like him. But I must say you'll like him!"
That's the way it should be. None of us is indispensable. When you get a new one, Mrs. H., here's a bit of good advice. Don't choose your new doctor on the say-so of your new friends and neighbors.
Get in touch with the secretary of the local medical society for a list of practitioners in good standing; or call the local hospital. They will know a doctor's qualifications.

When you have the list, then ask your friends for recommendations. At that time it is wise to learn about a doctor's personality, fees, patience, reliability and kindness. Your choice will then be made easier.

More Stitches Than Penalties

Bobbyeagon Barge to Early Lead In Rugged Game

SPORTS PARADE

(By United Press International)

TORONTO AT NEW YORK TONIGHT
Toronto, at New York as the National Hockey League resumes play after a two-night rift. In the American Hockey League, Rochester is at Hershey and Cleveland at Providence. Last night Buffalo blanked Quebec 4 to 0.

WESTERN HOCKEY
In Western Hockey League action last night Vancouver defeated Winnipeg 4-1 and Edmonton struck Calgary 5-0. Tonight Winnipeg is at Victoria and Calgary at Edmonton.

EASTERN PRO LEAGUE
Montreal is at Kingston in the second game of a two-night double-header with the Frontenacs. It is the only action in the Eastern Professional Hockey League tonight. Last night Kingston defeated Montreal, 6-3.

CONTRACTS WILL BE SIGNED ON NEXT TRIP
Heavyweight Champion Ingemar Johansson says that the first time he returns to the United States he expects a formal contract for a return, five bout with Floyd Patterson. Johansson left New York last night for Europe. Earlier in the day he met with officials of the promoting group for the return fight. Johansson says the contract signing should take place on February 23rd or 24th and the bout is expected to be staged at Yankee Stadium in June.

MATHEWS INKS 1960 CONTRACT
Eddie Mathews, the home run slugger of the Milwaukee Braves, inked his 1960 contract yesterday for a reported \$1.5 million. Mathews was one of the home runs club with 46, batted in 131 runs, and hit 307. He becomes the first top slugger of the Braves to sign a reported four-figure contract. Mathews was on the team after a brief talk with General Manager John McLaughlin. COBB HOSPITALIZED
Atlanta baseball giant Ty Cobb is expected to remain in an Atlanta, Georgia, hospital for about 10 days. Cobb was reported "resting comfortably" yesterday. He entered the hospital Monday for treatment of an old back injury.

AIMING FOR A POT OF GOLD
North America's top golfers aim for a pot of gold in the 100-thousand dollar Palm Springs Desert Classic starting today. The 15 top money winners on the 1969 pro circuit are entered in the 90-hole event. There is an additional 100-thousand dollar prize for a hole-in-one. Some 300 amateurs will compete with the 20 pros in the first 72-hole of the tourney.

WOMEN'S GOLF
Match play in the 42nd annual Palm Beach Women's Amateur Golf Championships starts today in Florida. Judy Bell of Wichita, Kansas, carried a three-hole lead over the field yesterday. National Amateur Champion Barbara McIntire of Lake Park, Fla., is defending champion.

THOMPSON TRYING FOR THIRD CANADA CUP
Peter Thompson of Australia and Ken Naele will play for the Leinster-Governor's Trophy in Quebec City, last night. Thompson, Bob McNeale and his Toronto Royal Canadian is still in the race after defeating Orlan Grante Pat Raymond 9-3 qualifying for semifinals.

ONTARIO LEAD FIELD
Ontario leads the field today in the Quebec 40 All Stars Hockey with a majority number of rinks still in play for the Leinster-Governor's Trophy in Quebec City. Last night Thompson, Bob McNeale and his Toronto Royal Canadian is still in the race after defeating Orlan Grante Pat Raymond 9-3 qualifying for semifinals.

ROUGHERIDERS SIGN TWO PLAYERS
The Ottawa Roughriders have signed two "Canadian-born" players. The Big Four Football League in Ottawa last night that the two players, who have been in the league for some time, will help the team, "a lot".

VETERAN ALLOUETTE SIGNS
The Ottawa Roughriders have signed veteran Sam Allen. Allen will have veteran Sam

Black Hawk Star

Leaves Hospital

Chicago—(UPI)—Ed Litzen-

berg, captain of the Chicago

Black Hawks who was injured

in an auto accident recently,

is to leave the hospital late

today.

Litzenberg, who is 27, has

been in hospital in Chicago

for the past two weeks.

In the accident, Litzenberg

was killed.

He said in Chicago last night

that he plans to fly to Canada

with his brother, George, an

engineer.

Tiger (TV) Jones

In Action Tonight

Chicago—(UPI)—Middle-

weight Ralph "Tiger" Jones,

who thinks he's lucky on TV

and in Chicago, makes his first

television appearance tonight

and Canadian champion Lefty

Greaves of Edmonton plans to

make it one of Jones' saddest

shows.

"I've been pretty fortunate

in Chicago," said Jones. "The

few fights I've had, here have

always been good ones, with

the exception of the Gene Paul

fight. I was knocked out by

Ray, Sugar Ray Robinson and

Bob Olson. I had good fights."

Greaves, 24-year-old lost to

Olson, I had good fights."

Greaves, 24-year-old lost to

Bobbyeagon Junior defeat-

ed the Lindsay Juniors 7-4

in a rugged game at the Kivan

Ice Arena last night before 10,000

over a hundred fans. All told

the teams picked up more stitches

than penalties, some caused

accidentally and some inten-

sionally. Bobbyeagon was seen

by the referee. Bobbyeagon

barged ahead to a three goal

lead by the three-minute mark

of the first period, but the

Lindsay lads hit their stride

late in the period and ended

the game tied up early in the

middle frame. The visitors

went two goals behind in the

third period, but scored one

net back before the end of the

period. Bobbyeagon scored

twice in the third period, but

was unable to keep the lead

because of two terrific goal-

keeping by young Kenney

Jacket kept the score from

doubling figures.

John Devitt, former Night

Ranger now played with Bob-

beyeagon as also is Murray

Bradford, the scoring at 1:06

of the first period when he

screened shot from the blue

line was deflected into the open

goal. Bobbyeagon scored a

rebound from Dave Nichols

shot at 3:27, and Dave added

the third Bobbyeagon goal

twelve minutes later. Paul

Strasberger got home cross-

bar in the game with Lind-

say's first goal at 17:24. Less

than a minute later, Quick

Rally combined with Rich Gro-

vally to end the period on a

two-free goal for the vic-

tories. Raby's goal for Dave

Nichols penalty down to the nine-

seconds.

Lindsay tied the score at

6:54 of the second period with

Jenkins' goal completing

passes from Jacket and Mike

man. Brad from Red and Dave

Nichols at 10:44 and Dave

Nichols scored on a break

away gave them a two goal lead

at 13:28. Thirty seconds later

Jacket scored his first goal

rebound and the five to four

count held for over a period.

Lindsay tied the score at

6:54 of the third period that further

scored goal place. This time Devitt

picked up his second goal of

the game assisted by John

Nichols and Raymond. Murray

now is "in better condition

than when I fought Fuller."

He said, "I hope to beat

Jones and go on to a shot at

some ranking contender. I'm

always interested in fighting

Fuller again, because I

thought I deserved a better

fight than I had last time a

pain bit."

It will be Jones' first fight

in over seven months. He

said that he had been in camp

for 12 days before he was in

good shape. "I think maybe

I'll be better for it," he said.

Stronger and not out of

shape. He has fought

twice in the last seven weeks

after successfully defending his

Canadian Crown in Octo-

ber, contended that his recent

activity's "young contender."

He said that Jones would be

"rusty" from inactivity.

Jones has not fought in over

a year, winning 48 of 52 over

by knockout, and using 26 with

four draws. He has fought 42

fights, has won 30, 17 of them

by knockout. Jones has been

drawn one. He never has been

knocked out.

Brad fired his second goal at

18:06 to complete the scoring

Scoring Summary

(elbowing) 16:50.

2nd period:

ST. CATHARINES, ONTARIO, WEDNESDAY, FEBRUARY 22, 1966

Location of locomotive Draws comment from Coun.

If the Victoria County Historical Society doesn't acquire a steam locomotive to use for museum purposes within a year, think that we may be disappointed. That's the considered opinion of President Dan McQuarrie, who stated it along to the Victoria County Historical Society last night. Mr. McQuarrie made reference to the matter of the "Lionel" locomotive which he said it should be in a place where most people would see it. He was speaking of a Parks Board recommendation that it be placed east of the CNR station on ground belonging to the CNR. "The only people who will see it there are those who use the station," he declared. It should be adjacent to the main street, "It would really be out of our jurisdiction there (referring to the station) - It won't even be a part of the museum. We can only go as far as you support us."

Each office, the members pledged their support to their new officers. They only elected a president, John Thurston, took the chair and thanked Rev. Lester and welcomed the visitors. The group leaders, Verna Davis, Irene Henry, Lucille Saville and Mrs. McQuarrie read a list of names for their groups and the members answered by standing up and introducing themselves.

The February meeting will take the form of a pot luck supper and will be held at the W.M.S. C.G.I.T. and Young People will be invited to attend. The next meeting will be held on March 13th.

The budget for 1966 was presented by the Stewardship Committee. The budget for 1966 was presented by the Stewardship Committee. The budget for 1966 was presented by the Stewardship Committee.

The meeting for the month of the year, it was decided to hold a rummage sale in the fall. Plans were made and convokers appointed for the bazaar, and to be held in April. Margaret Truxell was asked to convene and will be assisted by the following convokers: Kitchen convokers, Verna Davis, Irene Henry, Lucille Saville, and Mrs. McQuarrie.

The meeting closed with the benediction after which a lovely luncheon was served by Laurie Saville's group.

RESCUED HORSE
Road Department Worker rescued a horse from a water-filled rockpit near Miami.

The animal had been stranded for two days before the rescue.

torial objects; (2) cultural value, illustrating the development of mechanics and their application to the life of the community; and (3) its value in preserving local folklore. He said the society hoped to engage a historian to write a new history of the area.

FACTS FOR FARMERS

Some news of special interest to our farm subscribers

Buy Building To Lower Feed Costs
You have a choice: one company is selling you a poultry house for \$11.0 a square foot, the other company wants \$1.30. Which building will you choose?

"If that more expensive building offers you better insulation and ventilation - I think twice before you consider it no high priced, it could cut feed cost by making the birds more comfortable," says Ross Kline, engineering expert and specialist with the Ontario Department of Agriculture.

"Think of it this way: feed makes up between 50 per cent and 60 per cent of the cost of producing a dozen eggs, building costs are less than 10 per cent. By choosing a building which helps cut feed costs, we might be able to cut feed costs by as much as 10 per cent."

Kline described an example, where a 10,000 bird poultry man who was netting \$3,000 could just as well net \$6,000 by reducing his feed costs from 44¢ pounds of feed per dozen eggs to 4 pounds of feed per dozen eggs.

"The same thing applies to hogs, only even more so," he believes. "Feed costs for growing a pig to a hog run around the 80 per cent mark. If hog cost is related to feed conversion, think about saving in feed cost before starting to pay for it."

It's impossible, for example, to ventilate a poorly insulated building. Moisture vaporizes because it can be removed, and in a cold building moisture will not vaporize.

It's impossible, for example, to ventilate a poorly insulated building. Moisture vaporizes because it can be removed, and in a cold building moisture will not vaporize.

Minister Stresses A Woman's Work Within the Church

The responsibility and privilege of being elected to help spread the Gospel through the women's work of the church was stressed by Rev. H. Lester, Queen St. United Church, who presided at the officers of the Evening Auxiliary. The meeting was held in the church hall last night.

Verna Davis, first vice president, conducted the worship service with the theme, "The women's work of the church is all sisters." Two hymns were sung. The scripture was read by Joyce Fuston after which Margaret Truxell read an appropriate article on "Brotherhood." Barbara McGill led in prayer. Frances Lester acted as accompanist.

In reference to the study, "Women in Changing Africa," Verna Davis gave an enlightening and interesting discussion of the important part that women are playing in Africa.

The meeting for the study, Barbara McGill took the chair to conduct the 1959 business. The minutes of the December meeting were read by the recording secretary, Lorena McQuarrie, after which the secretary reported the year giving the highlights of the meetings.

The supply committee's report was given by Maizie Kozlowski and the Literature secretary, Irene Henry, reported that 92 books had been read during the year, this included the Missionary Monthly and Observer. The Mission Band Leader, Mrs. H. Lloyd reported on their activities. In the absence of their activities, the absence of their activities, the absence of their activities.

Barb McGill, the report was presented by Barbara McGill. The Community Friendship Movement was presented by Elsie Stubbings. Marguerite Murphy, reported for the CGIT.

The Bulletin Editor, Ruth Madill, reported a small balance after material and bulletins had been sent out for the month for the meetings. Following these reports the outgoing president, Barbara McGill expressed her appreciation to all the members for their cooperation. Rev. H. Lester was asked to install the new officers.

After the executive had accepted the responsibility of the new officers, the executive had accepted the responsibility of the new officers.

Lindsay Visitors

Kinmount (PNS) — Damage
to a cottage on Davis Lake due
to excessive snow on the roof
has been corrected. The dam-
age is considered as extensive as
at first reported.

Erected last summer and
owned by Jack W. Macdonald,
Shore Centre, a first-hand re-
port of the damage says 14
rafters in the building collapsed
under the weight of the snow.
The walls withstood the
crushing weight.

Murray Davis and Balfour Perkins of Lin-
dsey, district officers of the Kinmount Club,
recently visited the Whitley Kinmount Club.

Food Bar Setup For Hospital Extension Opening

An army is reported to march
on its stomach, the way to a
man's heart is said to be
through his stomach and it is
claimed a food stamp pan-
try in a relaxed form of mind.

RMH Governor Art Carey
indicated at this month's hos-
pital board meeting that the
stomach's of those attending
the expanded hospital con-
struction - laying ceremony
might do with a little atten-
tion to the stomach.

"Are you going to serve food
at this ceremony?" he asked
board members.

No one seemed to have
thought much about this and
a man's heart is said to be
in the background work-
ing hard to get the food ad-
dier just to get up a bar on
the laws.

"A food war, you mean,"
members jokingly re-
torted.

J. Lyons Rink Wins Little Britain's Spinel
A rink skipper by J. Lyons
carried off top honors in the
little Britain Spinel. Mixed
Burling, held at the Lindsay
Curling Club Wednesday.

The winning rink collected
three wins and took home
the day-long tournament. Mem-
bers of the rink were: Skip,
J. Lyons, T. Thompson, W. G.
Moore, second and B. Magill.

N. McPhail Accepted As Intern at RMH
The Ross Memorial Hospital
board of directors has ac-
cepted N. McPhail as a resident
in the hospital.

Something a little different.

Something just a little dif-
ferent in the way of museum
pieces has found its way to
the Victoria County Museum
place.

Receiver of the museum
pieces has also shown up at the
collector's desk. It's a differ-
ent. A product of the pot-
tery wheel rather than the
more familiar brass or iron.
It drew a chuckle from Mr. Mc-
Quarrie as he recalled the
skill of early tobacco chewers
as they aimed at these respec-
tacular, impressive food tobacco
chewers, he recalled.

A direct hit from a distance
commanded great respect
from the museum's tobacco
chewers, he recalled.

Concern of Teacher, Principal Leads To Examination

A Woodville teacher told
Family Court officials here
Wednesday he had never wit-
nessed any child at severely
distressed in her charge. The
boy was brought to him for treatment
several days ago. Dr. J. B.
Cramer was giving evidence
before the court. The boy, who
was a healthy-looking 31-year-old
William Greer, formerly of
Montreal. The woman was
convicted of assaulting a
bodily harm to a 13-year-old
Woodville Indian girl who had
been left in her charge. A
fine of \$50 and costs of \$47.60
were levied.

According to evidence pro-
duced in the case it was a ward
of her grandmother who was in
Detroit at the time of the
charge. The woman was con-
victed of assaulting a
bodily harm to a 13-year-old
Woodville Indian girl who had
been left in her charge. A
fine of \$50 and costs of \$47.60
were levied.

To Toronto of Local Store As Taken of Appreciation

Sid Eldon, manager of Adams Furniture Store, told a representative of "The Post" this morning that the store will be closed all day Wednesday, Feb. 23, to allow the staff to attend a show in Toronto.

They will leave early Tuesday morning and plans have been made for a full day in the city. Following lunch and an afternoon's shopping, dinner

Explosion in Manitoba Causes "Echo" in Lindsay

An explosion in northern Manitoba has caused an "echo" in Lindsay. Not only is it of the same kind, but also, at the same time.

A Lindsay man who doesn't wish to be named because the company he works for has not yet issued an official statement by employees says he has been advised of a gas explosion at the Kellogg Generating Station, north of Churchill. He is an employee of the company

FACTS FOR FARMERS

Some news of special interest to our farm subscribers

New Parasitic Disease
Reported in Ontario Cattle
Dr. David Campbell of the Ontario Veterinary College, Department of Parasitology, has recently reported that a parasitic disease of cattle exists in widely separated parts of Ontario. The parasite is a small intestinal worm and it is causing a serious setback in cattle in some herds. The exact geographic distribution is not known, but cases have been found on farms in the north, east, and west of Ontario. The parasite has been known to exist in Ontario for some time, but it is only recently that it has been recognized as a problem.

The disease affects calves and usually becomes apparent sometime after the animals are 6 weeks old. Affected calves develop persistent coughs and fail to make satisfactory gains.

The animals continue to eat well but they go down in flesh quickly. Occasionally animals die from the effects of the disease. The disease is spread from calf to calf in the manure. According to Dr. Campbell, clean calf pens are essential if the disease is to be prevented. Cows should be taken to new calves are not penned or pastured where other calves or calves have been kept recently.

Microscopic examination of the feces is the only reliable means of diagnosing the disease. The examination should be carried out by a veterinarian or a veterinary laboratory. A new calf can be available for the new year for the treatment of the disease. The disease may be prevented if good sanitary procedures are followed for the housing of calves.

Draws Remand Until Inquest Held

William Crowley, Lindsay driver of a car involved in a fatal accident last week, drew a remand until an inquest into the death has been held.

Defense Counsel H. E. Nicholson appeared for Crowley who is charged with careless driving.

Crown Attorney Lorrie Jordan said the inquest had not been set because there was some doubt as to which was the driver.

Magistrate Moore said he would hold the trial date should be set until the inquest was over.

Mr. Richardson said he believed it was the reasonable thing to do.

A remand to February 28th was granted.

Minor Mishap Near Dundas

Losses now on the shoulder of a county road is believed to have caused a car to take the ditch and clip off a telephone pole around 4 p.m. Sunday.

Owned and operated by George E. Grumbridge of Peterborough, the car was at a point about five miles south of Dundas when the mishap occurred. There were no injuries.

A telephone pole costs anywhere from \$40 to \$50 to replace.

1959 Year of Heartening Progress for County Library

The year 1959 proved one of heartening progress for the county library. Both the circulation of books and the interest in libraries could be said to have been at a high level for the second year of the county library was honoured by receiving the grant of \$500 made annually by the Canadian Federation of University Women. This money is used to help encourage reading with children. The county library also held a Children's Literary Workshop in January, 1959, on four successive Wednesday evenings — with outside speakers. In addition, a book display of some 500 recent titles was arranged, and a mimeographed list of these books given to all attending the workshop. The book list is also available to other libraries.

Incidentally we have had requests from many small libraries etc. outside the county for the list.

The village of Kirkfield which has long had a library now rejoices in a new building for its library. But the library list is changing.

The township of Eldon recognizing that libraries are important to the welfare and progress of the community took over the library making it one of the whole township, giving it increased financial support and housing the library in the new municipal building. The same is true of the township of Hespeler, and the township of Hespeler is increasing the library in the number of books being read. Two of the librarians retired Mrs. W. V. Vary of Cambridge and Mrs. H. Keeler of Manilla. They have been replaced by Miss Maria Wilkinson (Cambridge) and Mrs. A. P. Macmillan (Manilla).

The county library now has books to 128 classrooms, an increase of 140 over 1958. Large increases in circulation were shown by nearly every township. Both Lindsay College and Fendall Place High School set substantial increases in the number of books checked out.

The Victoria County Gazette now receives books from the county library. At the suggestion of the governor, Mr. H. Hartwick, a collection of 1958 books, both fiction and non-fiction, is housed at the goal. The response to these books has been fantastic.

The circulation of county books for 1959 is as follows: Adult fiction—13,477; adult non-fiction—13,477; adult non-fiction—13,477.

Dunstond

News for week ending Jan. 23

Mr. and Mrs. Hattie Thurston left Tuesday morning for Markham Airport, hence by plane to Toronto, Florida where they will spend a couple of months with Mrs. Thurston's sister, Mrs. Blanche Lewis.

Mr. R. Caselman, of Highland Creek is spending a couple of weeks at home.

Mrs. Annie Johns of Hockley Grove visited Mrs. Howard Kennedy for a few days.

Mr. and Mrs. Laurence Kennedy, Larry and Donna were dinner guests Sunday of Mr. and Mrs. Ivan Bryans, Lindsay.

Miss Phyllis Thurston and friend Mr. Bob Stinch both of Toronto, visited her parents, Mr. and Mrs. Hattie Thurston over the weekend.

Mr. Neil McKay has been home with his parents, Mr. and Mrs. Ross McKay, recuperating from his recent operation. He returned to Toronto to resume his work Monday.

Miss Gwyneth Griffith of Hamilton, spent the weekend with her father, Rev. J. W. Griffith.

Partly Planned For Near Future

Meeting (PNS)—The January meeting of the January Club will be held at the home of Mrs. Rae M. Moom, Mrs. Bradburn is in the president's chair with Mrs. Elmo Archer pinch hitting for the secretary, Mrs. Leslie, who is ill.

The roll call was responded to by naming "favorite supper dishes." The minutes of the previous meeting were read and approved. The motto for January "How I hate to get up in the morning." Voluntary cards were received from Mrs. G. Blom of Claremont and Mrs. Campbell of Natick, former members. The lamp shade project is to be postponed until next month. One of the representatives attending the course, returns home.

A euchre party has been planned to be held at the home of Mr. and Mrs. Moom. Mrs. Bradburn gave a splendid paper on "Home Economics" in the January Club. "Agriculture" conveyor, Mrs. R. Wright read a paper entitled "New Year Resolutions." Mrs. C. Johnston presented a skit "The Census Taker Interviewing a Housewife." With the final conclusion "No Occupation." A paper on New Year was read by Mrs. Moom. Very interesting up to Mrs. Bradburn on how to pick certain clothing followed by a short poem.

Two coats were enjoyed, games and planning presented by Mrs. Bradburn and Mrs. Johnston. The meeting closed with the Mary Stewart Collect, which was served by Mrs. Boland and the hostess, Mrs. Moom.

Mrs. Archer thanked all participating in the program, and the hostesses.

15th ANNIVERSARY

The President presented ladies met at the home of Mrs. T. Mulligan to celebrate its anniversary.

The new president, Mrs. P. Fry opened the meeting with the 1st Psalm, and the Lord's Prayer, reported under the previous title.

The responsive scripture lesson was taken from the 10th chapter of Malachi.

The minutes of the previous

meeting were read and on a motion of Mrs. Johnston, the coming year, Cards of Christ and Mrs. Wright, were adopted.

Eight members answered the roll call by paying their dues. It was decided that the Birth-

day Box be continued for the piano solo. Mrs. Bradburn, for treatment of cancer" said the Cancer Society, Victoria, unit, were introduced. Mrs. Bar-

The introduction with the choir gave a talk on Cancer. A number of thanks to the ladies for showing a film on the subject. Early diagnosis is the key. Mrs. Mulligan assisted by Mrs.

M. W. McGill, Mrs. Fry and Mrs. O. Armstrong served a delicious lunch, after which Mrs. Vivas, on behalf of the group, expressed her thanks to the hostesses for a pleasant afternoon.

IRKING PROBLEM

An alternate writers club because women had won six straight contests.

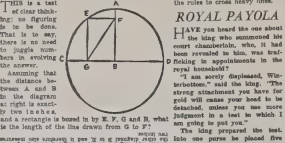

The topic the women had done so well with was "Why the group called the Racoon- teary, changed the topic of its women."

Three Thrilling Basketball Games

SENIOR TEAM — Left to Right: Back Row — Sharon Stephens, Susan Payne, Lucille Wood. Centre Row: Jennifer Luth, Pat Sinclair, Marie McArthur, Front Row: Beryl Stovel, Nancy Norris, Jean Tarpon (Capt.), Marlene Karrys.

JUNIOR TEAM — Left to Right: Back Row — Mrs. Watkins, Mary Allen, Faye Mark. Centre Row: Myrie Mark, Arzid Tack, Judy Karrys, Geri Lyons, Mrs. Walker. Front Row — Sandra Reynolds, Linda Ward (Capt.), Marilyn McLeish (Co-Captain), Brenda Bell, Karen Griffiths, Lynn Tack.

In three thrilling girls' basketball games played at the LCI gymnasium Thursday afternoon, the local team won, lost and tied the three scheduled games against Kenner Collegiate.

In the Senior game after a thrilling tussle the game ended in a 21-21 tie. Kenner finished strongly in this game and piled on 12 points in the final quarter but the Lindsay team held on to force the tie.

High scorers for the seniors were Nancy Norris seven, Marlene Karrys nine and Jean Tarpon two. Susan Payne was the best guard.

Junior Game
In this game the Lindsay squad scored a convincing 17-5 victory over the visiting visitors.

Judy Karrys with six baskets, Marilyn McLeish four and Faye Mark four baskets were high scorers for LCI. Sandra Reynolds was credited with being the best guard.

Kathleen, pre-empted the Lindsay team 13-11 in the basket game. Gilkinson scored the only Lindsay point.

Next Wednesday the visitors will be PCL Peterborough.

RHM ELEVATOR TO BE OVERHAULED
Passenger elevators come high these days. Two new elevators to be installed in the expanded Ross Memorial Hospital will cost \$85,000 apiece. The figure was cited during a discussion concerning the present elevator. It is to be completely overhauled rather than replaced.

Susan Reynolds arrived breathless and 10 minutes late for her London marriage to actor Robin Ray. She explained, "I was so nervous, I had to have a brandy and a ham sandwich."

MOORE DEFERS TO GO. REALIZES

Magistrate Declares Company Practise 'Absolutely Fraudulent'

Magistrate Moore observed that Robert if he understood the terms of the agreement. That another \$90 had to be raised within two days or the deposit lost.

Roberts told the court he did but that his companion had undertaken to raise the additional money.

Magistrate Moore observed "That had, taking money from a 16-year-old boy under those conditions."

Roberts then told the court the salesman had told them that if they could raise another \$20 to \$40 he would personally sign for the balance.

Magistrate Moore: "I think the Peterborough child should check up on them... That's absolutely fraudulent... strictly a 'come-on' practice."

Roberts told the court that if he had got the money from Harry Johnson claimed he had "I wouldn't be here now... I would have been many miles away."

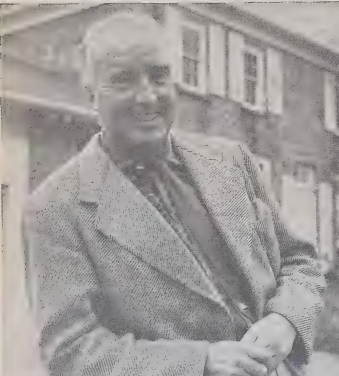

Charge Against Fenelon Youth Dismissed

In the face of evidence heard in a Highways Traffic Act case in Lindsay, Crown Attorney Lorne Jordan said he was forced to conclude that an accident couldn't possibly have occurred. Thus, despite the fact that the charge followed an accident on the Trans-Canada Highway west of Lindsay.

Insulin's Co-Discoverer Dr. Charles H. Best

The lives of 18 million diabetics throughout the world have been saved and lengthened because of the dramatic discovery of insulin in 1921 by the youthful Canadian research team of Frederick Banting and Charles Best. Bold vision, uncompromising intellect and devoted teamwork combined to conquer a hitherto fatal disease and a new era in medical research was begun. Dr. Best, a dedicated science graduate of 23 at the time he worked on the great experiment which resulted in the isolation of the hormone insulin and the demonstration that it could be used to control the blood sugar content of diabetic patients, went on to become a world authority on insulin and an eventual citizen in the realm of scientific research which has brought him a battery of honours and awards unparalleled in Canadian medical history. Born in Maine, U.S.A., in 1899, the son of native Nova Scotians (whose ancestors came from England at the time of the founding of Halifax in 1749) Charles Herbert Best entered the University of Toronto in 1916 receiving his first in a long series of academic degrees in 1921. He has been honored by 19 Universities in the Western world, among them the Universities of Paris, Amsterdam, Edinburgh, Melbourne, Uruguay, Chile and Peru. His distinctions range from the first Canadian fellowship in the Pontifical Academy of Sciences (limited to a membership of 60 scientists throughout the world) to first honorary president of the Canadian Diabetic Association and honorary Admiral of the Texas Navy. Dr. Best served in the artillery in the first world war and as director of medical research for the Canadian navy in the second world war. For his work on a method of drying and storing blood for military purposes he was awarded a Commander of the British Empire in 1948.

A man of impressive vigour and charm, Dr. Best has endeared himself to his colleagues and to the home of modestly attracted to his laboratory. Above, at his Nassagaweya farm with 6-month-old grandson Charles Stewart Best.

After a busy day, Dr. Best leaves his laboratory at the University of Toronto where he has been since his opening in 1931. In addition to research on insulin and diabetes, the Institute is engaged in projects on cancer, rheumatism and liver damage.

With his wife, Margaret, and pet poodle "Dorothy" in the living room of their Toronto home.

In the lab, with Dr. G. R. Williams, he checks one of many experiments being conducted at Best Institute.

Dr. Best has written so many papers on insulin he has lost track of the number. Above, he discusses a recent publication with Dr. James Campbell in 1953. It is estimated over 80,000 papers have been published in the field since insulin was discovered 19 years ago. Dr. Best manages to keep abreast of them all — a formidable task, which he takes in his stride.

HESPEL

Mayor V. Day of Hespeler, Ontario, has called a public meeting of the town council to discuss the death of the wife of the town's mayor, Mrs. Day, who died three times last Thursday. There has been criticism of the town council for calling the shooting a surprise and then left on his holiday.

The Ontario Dept. of Highways has the blessing of Lindsay's Hydro Commission to erect route indicators on the highway.

Mayor Lindsay Burrows said the Hydro Commission would charge the department two dollars per year for each two dollar sign.

Councillors Refer To Mounting Lighting Costs

It will cost Lindsay 10,000 lbs. of coal in 1959 just to keep its streets lit. This was revealed by a report of the Lindsay City Council last night. Councilman Jos. Holton, who has been pointing out that the February street lighting bill was up \$120 over last year. He also told councillors that the Lindsay City Council has agreed to pay \$120 over last year. This worked out at about \$720 per year and covered 12 new installations in 1959.

Mr. Holton was asking for directions in connection with this year's lighting program. Council authorized Mr. Holton to get estimates on costs on improved lighting on Kent Street between Lindsay and Sussex Streets and along Queen Street. In addition he was instructed to investigate the lighting needs on St. David Street where it approaches the town's new bridge.

Recent prices, referring to mounting lighting costs, said he wasn't satisfied with the reasons given. "There's still money to be made," he declared.

Mayor Burrows expressed his concern that the board tried to cash some of the benefits that are being purchased out of surplus earnings.

Councillor Jos. Holton, talking about the cost of street lighting, said he felt the cost of lighting should be kept down. "It may have been alright years ago but now it's more with the times," he declared. Mr. Holton explained that in the past, when he had installed it somewhere else, it took the old equipment money to repair and then he installed it somewhere else. He mentioned on rising costs of street lighting. Councillor Pepper asked: "At what point does it change to a new power plant?"

Mr. DeGroot said he was interested that Mayor Burrows had said, "Hydro seems to have quite a number of boards, but I don't know if they're supposed to be in the power plant or not."

Councilman Jos. Holton asked what the cost of street lighting was this year. Councilman Pepper said that the cost of street lighting was \$120 over last year. This worked out at about \$720 per year and covered 12 new installations in 1959.

Mr. Holton was asking for directions in connection with this year's lighting program. Council authorized Mr. Holton to get estimates on costs on improved lighting on Kent Street between Lindsay and Sussex Streets and along Queen Street. In addition he was instructed to investigate the lighting needs on St. David Street where it approaches the town's new bridge.

Thieves not Interested In Silver or Coppers Only Finding Money

Whoever broke into the Carlton Legion last night during the early hours Thursday was not interested in silver or pensions. They were interested in finding money and didn't get any of that. Less than \$50 has been reported stolen in the wake of the robbery which entailed damage to three doors—the main entrance door, the door to the manager's office and the door to the basement food storage room. The door to the manager's office and the door to the basement food storage room were broken. The door to the basement food storage room was broken. The door to the basement food storage room was broken.

The break-in and robbery was discovered when Secretary Lindsay Burrows reports a missing amount of \$112 a meeting for councilors, up four dollars from the previous eight. Councilors will be paid ten dollars for councilor and special meetings of Council.

Mayor Burrows when asked about a reported \$2000 salary increase told him said, as he understood the bylaws passed at Monday's meeting, only the Councilors were voted at \$2000.

It was revealed to "The Star" that the matter of pay increases for Council was discussed at a behind-closed-door session of Council recently. At a special meeting of Town Council held Jan. 18 three representatives of the press were asked to leave the Council Chamber while Council discussed "subcommittee matters".

At the members of the press made their way out of the building the doors leading to the Council Chamber were locked.

Two cars piled into each other at the intersection of Sussex and Dundas Streets late last night. A car operated by Jas. R. Clarke, 201 Dundas St. W., and another driven by Wm. G. Graham, 30 of 22 Dundas St. W., crashed into each other at 11:55 p.m.

The Gilmore car was pushed into the gutter and was damaged. There were no injuries and damage is estimated at around \$400. Sussex Street is still stopped at Dundas. A police officer was called out as he looked over a sketch of the accident scene.

If 'bear facts' are anything to go by, this area may be in for an early spring. On the other hand, the best of London and Forests in Lindsay isn't too sure what has caused bears to come out of hibernation as early as this.

Speculating on the development of the department was "What happens a bear to stop that traditional period of winter long hibernation and to emerge from its comfortable den into the raw winter weather? Could it be that something or someone has disturbed the sleep? Possibly the bears are incurable insomnia.

Report Secret Meeting Held Pay Like Four Score and Ten Plus Nine.

Mayor Not Sure Whether Included

Mayor Lindsay Burrows disclosed Thursday that he is not sure whether he is to receive a \$2000 bonus in salary or not. His worth was referred to by a bylaw passed at last week's meeting of Town Council which authorized payment of \$12 a meeting for councilors, up four dollars from the previous eight. Councilors will be paid ten dollars for councilor and special meetings of Council.

Mayor Burrows when asked about a reported \$2000 salary increase told him said, as he understood the bylaws passed at Monday's meeting, only the Councilors were voted at \$2000.

DAMAGE ESTIMATED AT \$400 FOLLOWING TWO-CAR PILEUP IN LINDSAY

Two cars piled into each other at the intersection of Sussex and Dundas Streets late last night. A car operated by Jas. R. Clarke, 201 Dundas St. W., and another driven by Wm. G. Graham, 30 of 22 Dundas St. W., crashed into each other at 11:55 p.m.

The Gilmore car was pushed into the gutter and was damaged. There were no injuries and damage is estimated at around \$400. Sussex Street is still stopped at Dundas. A police officer was called out as he looked over a sketch of the accident scene.

SEARCH FOR BODY OF MISSING FIVE-YEAR-OLD BOY CONTINUES

Four members of the Peterborough Diving Club have joined in the search for five-year-old Derrick Hunter, missing since Monday morning, it is believed the boy drowned in the icy waters of the Scougog River.

The four divers are Wm. (Bill) Dewar, who is plant engineer at Canadian Airways Ltd., Lindsay; Bob Quinn, president of the diving club and an experienced diver; Bob Hancock; and Paul McEwan, all of Peterborough.

Late Monday afternoon Bill Dewar entered the water in the first attempt to recover the boy's body by diving. He moved for considerable distance into the river before he was forced to abandon the attempt, and came ashore. . . His diving suit had sprung a leak. Commenting on this incident, Bill said that he would have ignored this in his younger days but his health did not permit him to subject himself to undue exposure. This morning he was on the job helping prepare the other divers for the grim task ahead.

Hundreds of Volunteers

Hundreds of volunteers offered their services to help in the effort to recover the boy's body as word of the double tragedy got around. Police Chief John Hunter said his department's telephone was kept on the jump for hours as offers of aid poured in. He asked the Kinross Club, which volunteered as a group, to stand by for either midnight or early service.

At the scene of the drownings, the river was a barge of light in the dead of night as men toiled through the hours of darkness.

The roar of chain saws was heard throughout most of the night as men, scored by ropes held by other men on shore, cut away at the ice which was hampering dragging operations. The idea behind the plan was to free the river of ice beyond the Rainbow Bridge where an underwater fence had been strung across the river bottom to prevent the body drifting further downstream.

On the river, dragging crews in two boats, guided by ropes manned by men on shore, moved along and across the river in their search for the boy.

CHIEF PRAISES DEPT.

At the night work on the pathway leading down the steep incline to the scene of the tragedy became almost impossible. Chief Hunter praised the Works Dept. for their efforts in overcoming this problem. . . they had said on the pathway within minutes of a request from the chief.

Pure Chief Arnold Watson said he had four men on duty throughout the night. Others were on the job this morning. At midday today, dragging operations were still in progress with firemen manning one craft and private citizens another. The river had been freed of ice for considerable distance thanks to the efforts of the saws and a power boat which acted as an ice-breaker.

or earlier this morning. Warm spring-like weather bathed the area at noon making for relative comfort for the people manning the boats.

It was in marked contrast to conditions they endured the day and night previous.

As the day moved into afternoon, the men were still hopeful they would recover the body before long. . . A body presumed to have been in the water just over 24 hours.

Welcome cups of hot coffee were served rescue workers throughout Monday afternoon's dragging operations on the Scougog River. Firemen dragged the river for the body of missing five-year-old Derrick Hunter, were working in relay shifts to two boats plied the open stretch of river.

Bringing in supplies of coffee and sandwiches were Capt. Stevens of the Salvation Army, Mrs. Jack Miller, wife of one of the firemen on the scene, Mrs. May Moyser, Mrs. Clara Curran and Mrs. Iva Polard.

Grappling iron's frequently snatched on dead limbs and other debris which hindered the work.

As a chunk of debris was hooked, it meant the draggers had to surface it, move it and toss it ashore before carrying on. In the mean time, the boats would drift and sections of the river would be skipped.

Huge chunks of ice cut from the shoreline by chain saw operators also tended to hinder draggers as they were caught up by the current and sent

sharply from a newly developed park and he was scattered as the tracks leading down to the bed of the cataract seemed to be lost. Some distance further north he was reported to be seen close over the water, something red appeared to be floating on the surface. Searchers then waited after fire rescue boats reached this point, the body was recovered had kept of a small boy was hauled him about five hundred feet from the water and the river as down the river until it against death began. A rescuer was pressed into action and the work continued for the best part of an hour. During the progress of the work, Dr. Hugh Davies arrived and administered what aid he could. He was later joined by Dr. W. R. Crowe.

At 12:55 p.m., the small still form of Peter Wilson was lifted from McArthur's balance at the McArthur Public Home. Peter was dead.

The boy's parents—Mr. and Mrs. C. Leonard Wilson—lived at 49 St. Lawrence St. Mr. and Mrs. Douglas Hinton, parents of the other boy, reside at St. Lawrence St.

Throughout the resuscitation effort on the Wilson boy, scores of people looked to the river's edge with hot water or bottles and blankets. . . Practically every other person going to the scene of the tragedy was carrying one or the other, or both.

A biting east wind chilled the hundreds of spectators to the marrow as they stood around in shoddy groups, agape as they watched the tragedy which had struck.

Police Chief John Hunter got in touch with the police ordered a second rescue boat brought into operation just midday. In the meantime, Mr. Smith went to the west bank of the River which drops

as far downstream. The Wilson boy's body was believed to have floated from the point the sled went into the water until it caught on the ice just inside the river beyond the open water.

SEARCH CONTINUES . . .

At 2:45 p.m. the search for Douglas Hinton, was still underway.

When "Post" representatives visited the scene shortly after 2 o'clock Monday and town police were assisting firemen in dragging the chilly Scougog for the body.

Mrs. N. Burke Logie Sturt told newsmen that shortly after 11 a.m. she had occasion to leave the house for a few minutes. She recalled that the heart someone calling "Help daddy!" Mrs. Burke said she did not pay much attention to the cry as she was under the impression it was children playing.

A few minutes later when Mrs. Burke went outside the house again she saw two dogs near the scene where she had seen the children playing earlier.

Mrs. Burke said she felt some warning signs should be placed near the scene as children were playing in that area all the time.

At press time chain saws were being brought into use by Fire Chief Arnold Watson to assist in breaking the ice near the shore.

Crowds of spectators braved the chilling winds to watch the rescue operations.

Ray Robertson, 21, of Lodge Street, Lindsay, was assessed line and costs amounting to \$12 in magistrate's court on Monday. He pleaded guilty to being intoxicated in a public place.

Protest Overway Following Ceiling Collapse

A member of the congregation of Queen Street United Church—Mr. John Eskins—sustained a cut on the forehead when a piece of plaster fell on him during Sunday morning's service.

One member of the congregation Mrs. Dorothy Drummond, 25 Kent Street, fainted following the incident and a doctor had to be summoned.

The three-by-four piece of plaster fell during the singing of a hymn it was revealed. A full investigation into the defect in the ceiling is now underway.

HEARING SET

The date of a hearing for Walter Crowley has been set by Magistrate R. I. Moore. Charged with careless driving following a fatal accident in Lindsay last month, Mr. Crowley's case will be heard on February 19th.

Vigilant Sable Island Weathermen Rob Graveyard of the Atlantic

Sable Island, off the Nova Scotian coast, is a slender crescent-shaped sand bar which centuries of Atlantic sailors and fishermen have shunned as the "dread of death." It is the visible portion of a treacherous sand bank which extends in hidden bars for more than a dozen miles under the sea. These grisly ridges have sucked to destruction more than 200 ships and more than 10,000 seamen, partly causing the eerie ghoulish graveyard of the Atlantic.

The island itself is shrinking as the inevitable tide eats away at the shoreline. Lighthouses erected on either end of the 25-mile long island eventually fall before the endless beating of the sea and new lighthouses must periodically be rebuilt farther inland.

Last ship to come to grief on Sable's sandy shores was the *Marlinbird* in July, 1947. Department of Transport personnel on the island, aided by the latest weather tracking devices, must regularly weather bulletins and warn navigation of approaching storms.

Every big blow uncovers relics of sunken ships which the island children collect with endless fascination. But lessons must come first. Mrs. Ann Doyle says that her children's work is complete before dismissing them to hunt for buried treasure.

Population of the lonely island, which is administered by the Federal Department of Transport, numbers about 20—meteorological personnel, radio operators, light keepers and their families, who work on the island in one-year shifts.

National Film Board of Canada Photos by Rob Brooks.

In days gone by only communication with the mainland was by carrier pigeon. Today Department of Transport men from 4-10 visits a year. Above, departing technicians had first to establish a group beginning one year's stint. The island is rich in legend and

old-timers pass on tales of the headless horseman who accosts you on paths on stormy nights, the phantoms of lost schooners which rise out of the mist and the soft sobs of drowned sailors whispering in their sandy graves.

Mariners claim some sinister quality is possessed by the sands of Sable Island which confound the best compass and if an unfortunate ship should venture too near, many Nova Scotian fishermen kept a steady look of Sable's yellow, insidious sands among their minute memories.

Trouble for Contractor Sewer Connection Made Without Advising Town

Making a sewer connection without advising the town's council has proved to be a troublesome for the contractor who did the job.

His observation brought to light the nature of the trouble. He says he had heard some sewer trouble was being done in the town of Lindsay. He says he had heard that the town was having trouble with its sewer system. He says he had heard that the town was having trouble with its sewer system. He says he had heard that the town was having trouble with its sewer system.

Land and Forests Officer Speaks to Fathers and Sons

Kinmount (ONS)—The annual Father and Son banquet was held in the Canadian Land and Forests Officers' Club in attendance. Everyone enjoyed a delicious turkey dinner served by the Ladies Auxiliary. Mr. Garret Graham, Minister of Lands and Forests, was the guest of honor. He spoke to the fathers and sons about the importance of the land and forests. He said that the land and forests are a valuable resource and that it is our duty to protect them for future generations.

Council Proceedings

The Township Council of the Township of Lindsay met on Monday, February 17th, 1980, at 8:00 p.m. in the Council Chamber. The meeting was presided over by Mayor J. H. Bell. The minutes of the last meeting were read and approved. The following items were discussed:

1. A letter from the Township of Lindsay regarding the purchase of land for a new school. The council decided to approve the purchase.

Lack **FACTS FOR FARMERS**

Mr. Fair observed that the unfortunate part of these things is that these councils change from time to time. "What one member might press one year, another might express differently another," he declared.

Acting Town Solicitor Jo. Staples noted that the Reeve Buckley referred to in various excerpts from the minutes and the Mr. Conroy referred to therein as a planning board member, were still in those positions.

Considerable time was spent during the afternoon hearing reviewing the history of proposed developments on Lindsay's outskirts. Subdivision applicants named included those of the House Builders Co-Operative, the Sleep subdivision, Brenda subdivision, Springdale Gardens, the Mackay, Weidon and T. A. Wilson subdivisions.

Prow Calves' Persents

With Blood Type Test
Veterinary scientists have developed a way to safeguard the registration of purebred cattle by blood type analysis.

According to Dr. R. Humble of the Ontario Veterinary College, it is "extremely improbable" for two animals, other than identical twins to have the same blood type. Apparently there are nearly 60 known blood groups in cattle and they are arranged into literally millions of combinations.

The O.V.C. lab at Guelph now carries out the parentage tests. Local veterinarians, after approval of the breed secretary, can take blood samples from the dam, the calf, and all possible sires. The tests eliminate all but the actual sire of the calf in question.

Need for residential land "There is," he said "a fair shortage of residential land in town."

Citing figures showing the number of houses built in recent years, Mr. Fair asked: "Do you call that 'activity' in building?"

Deputy - reeve McQuarrie "I consider that pretty active." Noting that the one subdivision conditionally approved was considerable distance out of town (Springdale Gardens), Mr. Fair made the observation that there was nothing doing in between it and the town.

Deputy - reeve McQuarrie held there was a fair amount of development in the intervening area.

Towards the close of the afternoon hearing, Mr. Fair produced several aerial photographs which he entered as exhibits.

Lindsay Man Convicted Of Theft From Chain Store

Magistrate R. I. Moore expressed surprise this morning when he heard the lengths to which a chain store would go to help a shoplifter avoid trouble with the law.

Testifying in a theft case, Crown witness Harvey Dawe told the court that sometimes "if a guy's smart" when it is caught trying to get something out of the store without paying for it, he will say "Oh, I forgot this," put it on the counter and pay for it.

Dawe was giving evidence against Gary Barker, 21, who was charged with theft from Loblaw's Groceries. Ordridge was convicted and remanded in custody one week for presentence report.

The crown witness told the court he was assistant manager of the store and that he had watched Ordridge try to conceal a Thermos bottle, put it back and then conceal it again on his person. Both the defendant's jacket and shirt were open at the front, he told the court. Dawe said that after Ordridge had checked through a number of other items presented to the cashier in the usual way, he had asked Ordridge if he could see him at the back of the store.

Crown Attorney Jordan asked what Ordridge said when they went to the back of the store. Dawe replied saying he had asked Ordridge what he should do and the defendant said "Give me life and lashes."

Dawe told the court that Ordridge had also informed him he had never done anything like that before except when he had been intoxicated. "I would say the gentleman had been drinking on this occasion," the witness said.

Crown Attorney "Probably that's why he said 'give me life and lashes'."

Cross-examining Dawe, De-

fense Counsel D. M. Thomson questioned him in detail as to how he knew Ordridge had a Thermos on his person. It was during this part of the hearing that Mr. Thomson asked Dawe why he asked the defendant certain questions about the Thermos in reply to which Dawe said "If a guy's smart, he'll say 'I forgot that,' put it up and pay for it."

Mervyn Cook, also of Ordridge staff, was the second crown witness called. The first crown witness called that Dawe had asked him to remain in the office with Ordridge while he made a phone call to the police. While there, Cook said his back was to Ordridge and that he heard two plunks in the garbage pail which was near Ordridge. Later examination, he stated, revealed the presence of a quarter pint of cream and a carton of tinned lettuce which hadn't been there before. These were exhibited two and three in the hearing.

Orderly and Co-operative. P. C. W. Bowen testified that although Ordridge appeared to have been drinking, on the whole he was quite orderly and co-operative. Asked if he knew the accused, Bowen said "Not personally, our officers arrest him a few years ago."

Defense Counsel Thomson told the court that he had not been proven. He held that the articles entered as exhibits had never been removed from the premises. "The Thermos had been left on the cashier's desk and the other articles left in the manager's office."

Magistrate Moore: "If you don't go along with that . . . You don't have to get outside."

Magistrate Moore: "You must be beyond the paying station . . . There is no evidence the accused had attempted or intended to leave the paying station."

After moving for dismissal, Mr. Thomson asked that, even the assistant manager had intimated to the court that if the defendant had said "Oh,

Minden Man convicted of drinking while on interdicted list

Murray Walker was convicted of drinking while on the interdicted list today and fined \$25 plus \$3 costs.

Arrested at Minden by OPP Constable Earl Burt, the offender told the court Walker was very intoxicated when he came upon him in a parked car. He testified that the accused fell out of the car when requested to come to the police station. Burt stood up and fell again, finally having to be assisted to the vehicle.

Constable Burt said there were two other men in the car when the arrest was made. He said he didn't know who they were.

Walker said he wasn't drinking liquor in Minden but that he had a little cold and asked a fellow to get him a nickey. He said he didn't know who that fellow was.

"I forgot" and offered to pay the whole thing might have been forgotten.

Magistrate Moore agreed that the store was apparently going a long way to give people a chance to redeem themselves.

Mr. Thomson told the bench he was not arguing the question of 'attempt' and asked Magistrate Moore if there was any act of their established.

Magistrate Moore: "Yes, there was."

Mr. Thomson: "Is the court ruling then that if an article is placed at a paying station, the person placing it there is guilty of theft?"

Holding that there had been no actual theft, Mr. Thomson said that this was a matter of interpretation.

In a final plea to the court, Mr. Thomson said: "Nothing ever happens to this man except when he gets drunk."

Crown Attorney Jordan agreed.

Mr. Thomson said he felt Ordridge had a psychiatric problem and that a jail term would not help him.

Lindsay Singer To Appear On Talent Searchlight

A 20-year-old Lindsay mezzo-soprano will appear on Radio Station CFBF's "Talent Searchlight" on Friday, February 19, as a result of auditions held in Lindsay by talent scout Wanda Campbell, CFBF's Musical Director.

For Shirley Moore, presently attending Teachers' College in Toronto, the program will mark her radio debut.

Miss Moore has studied under a local music teacher since the age of seven, staging at local club meetings, weddings, music festivals and in church choirs in the Lindsay district. In 1957 she won the Gold Medal at the Canadian National Exhibition for her singing ability.

Although Miss Moore has immediate plans consist of completing her teaching training and then teaching public school, she expressed a desire to continue her singing instructions, possibly at the Royal Conservatory of Music in Toronto.

Lindsay Area Farmers Groups Of Lions Club

Last night the farmers of the Lindsay area were guests of the Lindsay Lions Club at its annual Farmer's Night held in the Hotel Remson.

There was a 100 per cent attendance by the Lions to greet the 22 guests. Immediately following the dinner, the guest speaker, Dr. V. C. Walker, assistant head of the Veterinary Section at Connaught Laboratories spoke on his topic "The Connaught Laboratories and Agriculture."

With the use of slides he illustrated the part the laboratories had played in the development of penicillin and insulin. As a special feature for the farmers, Dr. Walker spoke on the drugs used in veterinary work which was discussed at the Connaught Labs.

Puzzles and Games

February Is a Puzzling Month

SINCE 1960 is a leap year, the present month (February) has 29 days. More often than not, however, this month has 28 days, a number that poses a rather perplexing problem.

How quickly can you unearth each of the numbers one through 28 in the assembled calendar design at right so that the total of each of the seven rows (and four numbers), as well as the left and right diagonal rows

(shaded squares) total the "magical" sum—267. Each number is to be inserted only once. A solution to the provided clue/answer is on page 6, but not peering at

the right hand, multiplying by two gives an even result, naturally, and multiplying the result by three also gives an even result. The total of two even numbers is an even number.

See Through Beans?

SUPPOSE you were asked to guess the number of beans in a jar. You would probably guess the number 100. The number theorist, however, divided by 2, 3, 4, 5, 6, 7, 8 and 9. He found that the number was even. How many beans are in the jar? No far guessing, however, because the number must be a multiple of 252, the least common multiple of 2 through 9.

How Much Change in a Dollar?

I KNOWLEDGE often to give you a dollar for each of the different ways in which a dollar can be divided. Just how much money do you think it would be possible for you to give?

Coins of five different denominations, and in the order of value, dollar, dime, nickel, penny, would make up the money. But in general use, such as the case of the money you have in your pocket, you are not likely to use more than one of the five denominations.

Now, you have five, you still have a good chance in figuring out how many different ways you can give any one of the five denominations. But we mentioned that by using one of the five denominations, you can give a dollar.

THREE TO ONE

MURDER takes, Alvin, Ben and Charlie, working together, can play a certain race in five days. Ben, working together, would take twice as long as Alvin and Charlie together, and Charlie, working alone, would take three times as long as Alvin and Ben together.

How long would such take in the work separately?

Now, you have to find a way to solve this problem. You can give a dollar in five different ways, and in each case, you can give a dollar in five different ways.

Now, you have to find a way to solve this problem. You can give a dollar in five different ways, and in each case, you can give a dollar in five different ways.

Bachelor Seeks Wife

British bachelor Fred Morris, ... is looking for a wife. The 24-year-old Buntingford, England, man has been living in a house owned by the town council. When his father died recently, the council ordered him to leave the house. Fred has a long list of families with three or four children waiting for housing. "I am a conscientious husband ... there would be no fight. Reginald Morris has a lot to offer to any woman I'll get married with. My home is set about looking for a wife. I have a bachelor often stays away from ... a wife."

Day-To-Day Storage

Important To Vegetables If vegetables cannot be cooked as soon as purchased, they need to be properly stored. A little special care in storage will help retain the texture, flavor and food value of vegetables, advise the Home Economics Service of the Ontario Dept. of Agriculture.

For temporary storage, such vegetables as cauliflower, green beans and food value of vegetables should be left in their natural state until ready to eat. It is advisable to store root vegetables with tops removed; some moisture may be drawn from the roots to the leaves. Lettuce, spinach, chard and celery are

best trimmed and washed before storage. Even vegetables which do not spoil quickly are best stored in a cold place. At room temperature, most vegetables lose their vitamin C rapidly. The crisper of the refrigerator is a convenient storage place for a variety of vegetables, such as asparagus, beans, peas, tomatoes and leafy green vegetables. Celery stalks can be used to advantage for covering many vegetables. Onions, dried beans and dried peas should not be stored in a dry place.

Keep canned vegetables cold but avoid freezing, which impairs the palatability.

Frozen vegetables should be kept in the freezing compartment until ready for use and cooked in the frozen state. Do not re-freeze frozen vegetables.

Minden Ceremony

Lindsay Minister Guest Speaker At Induction

Rev. Robert McLean, minister of Cambridge Street United Church, will be the guest speaker at the induction ceremony of the Rev. Wm. Arncliffe, Halliburton, at the induction ceremony of the Rev. David W. Staples into the Minden charge by the Lindsay Presbytery. The services will be conducted by the chairman of the presbytery, Rev. Newton Reid. The service was postponed last week because of severe weather conditions.

Govt. Asked To Consider Nationalization

The federal government has been asked to consider nationalization of the Canadian Pacific Railway and other long distance transportation services.

The plea for nationalization was made in a formal submitted to the federal government by the Canadian Federation of Agriculture.

The brief urged that the government should "seriously and conscientiously consider" this move in the interests of fully rationalized and integrated transportation operations in Canada.

Population Figure Forecast

The Bank of Canada predicts that Canada's population will probably reach the 22 1/2 million mark by the end of the decade.

Mr. Mac's recently reported in Montreal today said also that the population would grow to 20 million mark this year. The statement said that by 1970 Canada's annual birth rate would likely rise to 600 thousand persons. It said that immigration should at least equal the "relatively small" figures of the last two years.

At Rest

GOODMAN, George Elmer—Sudden at this late residence, R. R. 2, Cameron, on Monday, Feb. 22nd, 1980, George Elmer Goodman, in his 73rd year, beloved husband of Nellie Cundy and dear father of Maxine (Mrs. Russell D. Christie) of Oshawa and Elmer of Wail, by dear grandfather of Doug and Nancy Christie and dear brother of Roy, Richard, Leslie, Lloyd, Florence (Mrs. Gerald McGregor) and Bertha (Mrs. Kinneal). Resting at the Mackay Funeral Home, Peel Street, Lindsay, for service in the chapel on Thursday, February 25th at 2 p.m. Interment in the Cemetery Vault. Members of L. O. E. No. 538 Cameron, are requested to attend. Service at the funeral home on Wednesday evening February 24th at 9 p.m.

Birth Notices

Allen and Sylvia Stokes (nee Bates) are happy to announce the arrival of a daughter, Courtney, February 19th, 1980. Mother and daughter fine. (4763)

Cards of Thanks

The family of the late Winifred Wells with its thanks to all who responded for their many acts of kindness during their recent bereavement. Especially the funeral home, the Cemetery Vault of Cameron; also Mackay Funeral Home and Rev. Little. (4759)

BUTTERWORTH—I wish to

express my sincere appreciation for the many acts of kindness, messages of sympathy and beautiful floral tributes received by the family. Especially thanking Rev. Veezy for his comforting words and help in my bereavement of a loving husband.

Cora A. Butterworth, 92237

I wish to extend my sincere thanks to my many friends, neighbours and relatives for their many acts of kindness during my recent bereavement. I especially thank the men of the new police force, Mr. Vessey, Dr. Cramer; also Siderford Funeral Home for their assistance. (4774)

In Memoriam

GLASSFORD, Mrs. Irving—Mother of our baby daughter, Margaret Rose, who passed away February 22nd, 1957.

It is long since we without you. We miss you more each day. For life is not the same for us since you were called away. If we had all the world to give, we still wish it yet and more. To be your voice and see you smile.

Agree you sit at the door "Lovingly" remembered by Mummy, David, Sisters and Brothers. (84110)

NEWELL—In loving memory of a dear wife and mother, who passed away February 24th, 1946.

We smile with the world But never forget. In our garden of memories She lives with us yet—Lovingly remembered by Douglas and Family. (4781)

DOUGLAS—In loving memory of a dear husband and father, W. G. Douglas, who passed away February 23rd, 1954. His weary hours and days of pain.

His troubled nights are past—And in our aching hearts, we know.

His hand need rest at last—Loving wife and children. (85310)

Four Thought Dead

Four thought dead persons are dead in the wake of a terror shooting by a berserk man near Hamilton, Pennsylvania. One man is known dead and another critically wounded after being shot in the head. The man who shot himself in the head was one of the three bodies found lying near the scene. He is thought to be lying near the house.

LINDSAY MAN DRAWS 30-DAY JAIL TERM

Gary Ordridge of Lindsay drew a 30-day county jail sentence from Magistrate R. I. Moore this morning. Ordridge was remanded for pre-sentence report when he appeared before the magistrate last night and was convicted of stealing several articles from Loblaws' Groceries.

Defense Counsel David Thomson asked for leniency for his client on the grounds that he was a mistake to send him to jail. Thomson said the report submitted by Probation Officer G. K. Garib, who had been treating the defendant's record was not correct. He said that although the defendant's record was not correct, he had spent eight years in jail, this latest sentence was not comparable to 30 days rather than 30 years on his record. The items taken in this instance, Mr. Thomson told the court, did not amount to more than three dollars. He said the defendant was not prepared to see psychiatric help.

Magistrate Moore observed that it was not the type of case which came into court every day. "We might be confronted with a similar case every day if the stores wanted to bring in more people who shop."

Parcels Convicted on Possession of Stolen Goods Charge by Moore

William Parcels of Lindsay will appear the next eight months in Guelph, Ontario. The sentence was imposed by Magistrate Moore this morning when he convicted Parcels of being in possession of stolen goods. Parcels pleaded "not guilty." He acted in his own defence.

Witnesses heard that Parcels entered around the sale of four tires to Rob. Miller of Miller's Service Station, in Lindsay. Mr. Miller, who was working in the shop of Brampton who admitted transporting Parcels and his stolen goods. Parcels was a hairdresser in the town of Beatty. Peterborough and dealer who testified that the tire entered as an exhibit was stolen from a car owned by his business, and Sgt.

the amount of stolen stuff was from stores. Magistrate Moore suggested that the defendant bring a man into court. "I don't think," his worship declared, "there should go as far as they do trying to keep these people out of trouble."

Agreeing that he didn't think a man was necessary, the magistrate noted that the defendant was living with a common law wife and that often when he was out of work, he returned to the bottle. Recalling that the man was a habit to sentence had spent eight years in jail, he said he was forced to say that jail hadn't done him much good.

"I am going to sentence you to 30 days rather than 30 years a long term," Magistrate Moore pronounced, observing that he was still a young man. A request that the time the defendant had already spent in St. Peterburg, Florida, "Callers at the home of Mr. and Mrs. Dan Ferguson recently by Mr. Chas. Foreman, Cram, Mrs. G. Ferguson, Miss Ann McPadden, Mrs. D. M. Muriel Veezy, and the late Sinclair, who had been working in the home of Mr. and Mrs. Stewart Morrison all summer of Mr. C. Veezy."

Parcels Convicted on Possession of Stolen Goods Charge by Moore

William Parcels of Lindsay will appear the next eight months in Guelph, Ontario. The sentence was imposed by Magistrate Moore this morning when he convicted Parcels of being in possession of stolen goods. Parcels pleaded "not guilty." He acted in his own defence.

Witnesses heard that Parcels entered around the sale of four tires to Rob. Miller of Miller's Service Station, in Lindsay. Mr. Miller, who was working in the shop of Brampton who admitted transporting Parcels and his stolen goods. Parcels was a hairdresser in the town of Beatty. Peterborough and dealer who testified that the tire entered as an exhibit was stolen from a car owned by his business, and Sgt.

the case had some humorous aspects when haircut styles came involved. The court heard about "hoque cuts," "brun cuts" and even "Chippewa cuts." The hair-dressing incident arose when Parcels claimed he was waiting an iron half-hour when he visited Miller's Service Station to put over the first deal. During the course of the hearing, the hairdo evolved into a brush cut after a "reasonable" lapse of grooming time and at one point Magistrate Moore said he believed the "Chippewa" were a "stolen hairdo to the front" and determined to refer to Parcels' original cut as a Chippewa style one which had been stolen since he was more familiar with the western Indian tribe.

BUBBLES FOR BEAUTY — IN A PERFEX BATH

"Miss Great Beauty of 1959" — Valerie Martin — enjoys her first "Perplex" bath. The "Perplex" exhibition recently staged by a leading British chemicals firm in London. The "Perplex" bath introduced at

the exhibition are about one-fifth the weight of enamel baths and are available in a variety of pastel shades for the same cost as white. The colour goes right through the material and is never lost. The baths do not rust, chip or corrode.

Woodville

News of week ending Feb. 14. Mr. and Mrs. Jarvis Stoddart, Mr. and Mrs. D. H. McEachern in the passing of Mrs. Rogers by Mrs. Chas. Foreman, Cram, Mrs. G. Ferguson, Miss Ann McPadden, Mrs. D. M. Muriel Veezy, and the late Sinclair, who had been working in the home of Mr. and Mrs. Stewart Morrison all summer of Mr. C. Veezy."

Expect number of cars to double

Toronto—(UPI)—The Province of Ontario expects the number of motor cars to double in the next 20 years and has drawn up an extensive plan to keep pace.

Highways Minister Fred Cox predicted yesterday that the number of dual lane, controlled access highways will be doubled to 1,000 miles and the last remaining gap of the Ontario section of the trans-Canada Highway will be finished next fall.

Cox told the Ontario Good Roads Association that more tourists are expected to come from the United States with the building of new interprovincial bridges at Prescott, Queenstown, South Sea, Marquette, Pigeon River, Kaindy River and Fort Francis.

The Highways Dept. will handle approaches to the bridges to the highway system.

Premier Leslie Frost also spoke at the convention and said more than one and one-half billion dollars worth of new construction will take place on Ontario's major highways.

He also predicted that the number of cars will double in the next 20 years.

He also predicted that the number of cars will double in the next 20 years.

Nieuw Amsterdam Trio

Appearance of the Nieuw Amsterdam Trio at the Academy Theatre, Thursday, Feb. 25th, will mark the Lindsay Community Concerts Association's third concert of the season. Edna MacCarty, the trio's pianist, is a native of Vienna. She graduated from the master class of the Vienna Academy of Music, and has toured extensively throughout Europe and the Near East. Joseph Rabakha, the trio's violinist made his debut at the age of 14 in Town Hall. The year 1941 he gave his first solo recital at Carnegie Hall, followed by recitals and appearances with symphony orchestras throughout the United States and Europe. Daniel Vanderrail, the trio's cellist, is a holder of a Bachelor of Music Education degree from the University of Tulsa, and is a post-graduate of the Juillard School of Music. He has played widely with the Pittsburgh Symphony, the New York Philharmonic, as well as a soloist.

ONTARIO HOCKEY ROUNDUP

Farmers do not Watch costs

Did you hear about the farmer selling hammers? A farmer was buying so many hammers at the local hardware store that the storekeeper asked him what he was doing with them all, and the farmer said he was selling them to his neighbors for \$2.75 each. The store keeper asked, "You're crazy man, you pay me \$1.00 each, but you sell them for \$2.75 each." The farmer said, "I know, but it is business and it's better than farming!"

Now the irony of the story is that it could be true because many farmers simply do not watch their costs.

Twenty years ago the McKee company invented and produced the first one-man hand-holding machine of its kind in the world. The purpose of this machine was to cut the cost of hand-holding, hay and grain crops to the point where it wouldn't pay him to hire men to help or invest in equipment that required more than one man to operate.

Twenty years later with thousands of McKee one-man harvesters in operation, the company was more convinced now than ever that the salvation of the one-man farm, its machinery that can be operated by one man.

The slogan "Progress is our most important product" was not originated by our company but we feel we can justify its use in the nature of our latest developments in farm machinery.

Thought for the day

American Author Ralph Waldo Emerson said: "A fool's consistency is the boggy in of little minds, and philosophy is the diving board."

SPORTS PARADE

(By United Press International)

U.S. WINS FIRST GOLD MEDAL

The United States won its first gold medal at the Winter Olympic games yesterday . . . but it doesn't figure to add to that total today. Pretty Carol Heiss of New York captured the championship in the women's figure skating competition . . . piling up a huge margin of 10 points over Russia, Switzerland, and Norway won the other gold medals. Canada is now tied with Austria with 13 points behind nine other nations . . . Russia, Germany, the U.S., Sweden, Switzerland, Finland, Norway, France and Italy.

MEN'S FIGURE SKATING

Men's figure skating competition begins today . . . with Dave Jenkins of the U.S. heavily favored to win. Jenkins has won the world championship three times. His chief competition will probably be from another American . . . Tim Brown. Bob Brewer of the U.S. has an excellent chance of finishing third . . . making it an all-American event.

OLYMPIC HOCKEY ACTION

Action resumes today in the championship hockey playoffs. There undoubtedly went left in competition are all expected to win today. The U.S. is a heavy favorite over Germany. Russia is the pick over Sweden and powerful Canada should get by rugged Czechoslovakia.

CHARLEY VICTORY ON POINTS

Dave Charley, British and Empire lightweight champion, gained a victory on points Tuesday night over French lightweight Souverain Benamus.

For the first half of the 16-round bout at Wembley, Souverain Charley couldn't settle down, but after the fifth he got his stride.

Slover, Benamus began to wince under the strain of Charley's heavy and accurate punching.

At the weighin, Charley was one pound over the stipulated weight of 137 pounds. Promoter Jack Solomon says "one hundred pounds sterling will take to Benamus as leaves for Cuba."

STIRLING MOSS LEAVES FOR CUBA

Racing driver Stirling Moss left London for Cuba last night.

Moss, who will drive in the Cuban Grand Prix next Sunday, said, "This time I hope I'll get my job behind, but I wouldn't have guessed on taking a place" in the race.

Moss has been plagued with bad luck all season, and lost last year's world driving championship through another series of tough breaks.

MONTREAL AT TORONTO

In the National Hockey League today, Montreal plays at Toronto and Detroit is at New York. All four NHL teams had Tuesday's games.

LEAGUE LEADERS IN ACTION

League-leading Springfield plays at Buffalo in Toronto's only American Hockey League game. Last night, Hershey defeated Quebec 4-1.

ARMSTRONG SIGHT FAVORITE

Midweight ace Armstrong is a light (175 lb) favorite to defeat Dick Tiger of Nigeria tonight and avenge the only defeat on his professional record. A win for Armstrong in the Chicago fight probably would lift him past Tiger in the midweight ratings. Tiger is ranked eighth and Armstrong is ninth. Last September Tiger put Armstrong on the canvas with a hard left hook . . . ending the Ace's 17-fight winning streak.

FRASER ORDERED TO REST

Top-rated Nicola Pietrangeli, on Australia was on the sidelines yesterday as the good neighbor tennis champion played at Miami Beach, Florida. Fraser is resting for at least 48 hours on doctors orders after favoring a sprained back. In yesterday's opening round, top seeded Fred Stenger of Australia third seeded Uli Schmidt of Sweden and fourth seeded Mike Davies of London all advanced.

Big Three of Hockey Tackle Weaker Teams in Today's Play

Square Valley—(UPI)—The first day of Canada and Big Three of Olympic games hockey—Russia, Canada, and the United States—will probably be determined until the title bracket today as play resumes in the first day of the winter games on Monday. The games on Monday when Canada meets the strong Russian squad.

Until the first game on Monday, the U.S. will be the only team in the consolation bracket today, the last battle of the first round.

Thursday when the in-and-out of the first round game on Monday, the U.S. will be the only team in the consolation bracket today, the last battle of the first round.

Thursday when the in-and-out of the first round game on Monday, the U.S. will be the only team in the consolation bracket today, the last battle of the first round.

Thursday when the in-and-out of the first round game on Monday, the U.S. will be the only team in the consolation bracket today, the last battle of the first round.

August to be Considered For Township Election

The Besley Council met at all members present except Bryan's office recently with

the minutes of the previous meeting were read and confirmed on motion of Mr. Hannan seconded by Mr. Shepherd.

Correspondence was received from the following: Dept. of Highways, Port Hope, Hydro Electric Power Commission, Pullen & Pullen, Niagara Brand Chemicals National Building Code, Lake Ontario Development Association, Massey-Ferguson and Co., Ontario School Trustees Association, Ontario Fire College.

This correspondence was reviewed on motion of Mr. Hannan, seconded by Mr. Shepherd.

Correspondence from Mr. Robt. Hollenbeck asking the corporation to consider holding the election for Council in August, the Clerk was authorized to forward a reply, informing him that Council would get the necessary information and send it to him.

Moved by Mr. George Shepherd that any one or all of the council wishing to attend the Good Roads convention in Toronto, Feb. 22 to 24, be given an allowance of \$20 each for expenses was second.

ed by Mr. Hannan. The Council received a letter from the Painted Plywood Co. stating that a survey that their building was over on township property nine inches, and asking the council that they like to action, to have the building moved.

On motion of Mr. Shepherd that this township give the Painted Plywood a lease for 99 years for \$1.00 per year.

An amendment was moved by George Lytle that no action be taken regarding the small parcel of land and allow the Painted Plywood Co. to use same now the building is completed, this was seconded by Mr. Norman Hannan, the Reeve, Mr. Waldon Neal carried the amendment for the motion of Mr. Geo. Shepherd's declared lost.

Moved by Mr. Lytle the election for Council in August, the Clerk was authorized to forward a reply, informing him that Council would get the necessary information and send it to him.

Moved by Mr. George Shepherd that any one or all of the council wishing to attend the Good Roads convention in Toronto, Feb. 22 to 24, be given an allowance of \$20 each for expenses was second.

Omenee

Omenee (P.S.) The Lions Club carnival was held recently. Judges were Rev. Z. J. Lenz and Rev. W. W. The master of ceremonies was Ken Watson of Omenee.

Valentia

News for week ending Feb. 20

Mr. and Mrs. Roy Grills visited her mother, Mrs. Naylor, at Cameron.

Mr. Bob Vickery, Hamilton, and Mr. Alfred Martin, Peterborough, called on his sister, Mrs. Laverne Hood and Mr. Hood.

Mr. and Mrs. Nelson Sharpe spent Thursday evening at the home of Mr. and Mrs. Stanley Brown, Lindsay.

One of the worst snowstorms for a number of years occurred on Friday which filled the road with high banks of snow. At the time of writing, the road south of Valentia corner still is closed. Owing to the blocked roads church was called off on Sunday, and during the afternoon the east road to Valentia corner was opened out when the snow-plow came through.

Mr. and Mrs. Jack Coulson and his mother, Mrs. Coulson spent Sunday with friends at Lakeside and Peterboro.

Mr. and Mrs. Bill Mark, Mr. and Mrs. Jack Mark, spent Friday in Toronto.

Editorial

WOULDN'T IT BE LOVELY
This week of the Brochure Week. This week it would be lovely to see all men for women to remind them that they are all men are brothers, a fact that is too often forgotten.

It is very easy for Canadians to condemn race hatred in other lands. Such condemnations are meaningless and even hypocritical, unless the stigma of this evil is also eliminated.

How silly it will seem to our descendants that a white man should despise a black man simply because the latter is black. It is a prejudice that should be a Roman Catholic simply because of his religion.

Brotherhood Week is aimed at bringing to get people to realize their interdependence in the economic world. To coin a phrase from a popular song hit long ago: "Wouldn't it be lovely if the aims and ends of Brotherhood Week were foremost in our minds during the next 12 weeks of the year."

WATER SAFETY
The Canadian Red Cross is carrying on a continuous and vigorous campaign to prevent the needless loss of life, or, in near the water.

Water safety, under Red Cross instruction, is designed to acquaint people with all ages with beautiful and pleasant recreation in a land that has been abundantly blessed with beautiful streams.

On the average, more than 170,000 men, women and children participate in some phase of Red Cross Water Safety instruction. This activity is one of the most important from the point of view of the supervision of volunteer Red Cross instructors.

Red Cross Water Safety Services help build healthier and happier Canadians.

—Canadian Red Cross Society

CRITICS OF U.S. INVESTMENT SHOULD GO EASY

At certain times, not to many years ago when Canada's adverse balance of commodity trade with the United States was counterbalanced in no negligible degree by the considerable trade in services, however, women and children participate in some phase of Red Cross Water Safety instruction. This activity is one of the most important from the point of view of the supervision of volunteer Red Cross instructors.

THE POST, LINDSAY, ONTARIO, WEDNESDAY, FEBRUARY 25, 1959

Yelverton

News for week ending Feb. 6.
It is a pleasure to report that Mrs. J. Malcolm is progressing favourably since her recent operation. It is hoped that she will be able to return home in the not too distant future. Willing to hope that she will be able to return home in the not too distant future.

A speedy convalescence to the hospital was followed by a trip to the hospital in Lindsay.

Yelverton was represented at the 1958 Annual Banquet of the Durham Federation of Agriculture held at the home of Mr. and Mrs. Lawrence Simpson, and Mrs. C. Staples.

The Yelverton W.A. met for the February meeting in the church. Presentation of the devotional conceived by Janet Spencey were Ruth Wilson and Miss Margaret Wilson.

The minutes were read by secretary Isabelle Wilson.

Roll call was followed by a gift of an apron to the bazaar. Financial reports by Mrs. J. Malcolm were read. The March meeting is to be held at the home of Mrs. J. Malcolm.

Born in Lindsay

Dr. Edward Hopkins Dies Following Lengthy Illness

The death has occurred in Ottawa of a former Lindsay man—Dr. Edward H. Hopkins.

Dr. Hopkins aged 70, a retired director of Experimental Agriculture, died at his home in Ottawa on Monday, following a lengthy illness.

A brother of Dr. Hopkins was widely recognized for his interest in the practical aspects of soil reclamation and was a member of the Royal Society in 1885 after 35 years service with the department of agriculture.

He was elected a Fellow of the Agricultural Institute of Canada in 1947.

A brother of Dr. Hopkins father, Gerald H. Hopkins, practiced law in Lindsay and was a member of the bar.

He later became a judge in the Welland area.

Dr. Hopkins was a member of the Lindsay family residing on what is now the Steep farm on the outskirts of Lindsay.

Falls on Kent Street, Lindsay Woman Hospitalized

Mrs. Alice Moore, Cambridge Street 5, aged 61, was taken to the hospital following a fall on Kent St. early Sunday evening.

The fall occurred when she stepped on a hole in the sidewalk. It is revealed that Mrs. Moore sustained a fractured left shoulder when she fell.

Her husband, Mr. R. G. Wilson, and Mrs. E. B. Wilson, who are her parents, are in the hospital.

LETTERS TO THE EDITOR

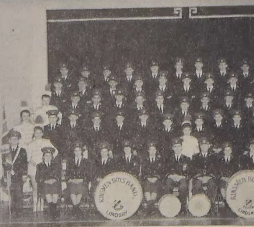

All letters addressed to the editor must be signed by the writer. Whether or not the writer's name appears in the newspaper shall be determined in the discretion of the editor. The writer's address, including city, province and postal code, must be given. The writer's name, address and telephone number will be published unless the writer so requests.

Is Hanging or Electrocuting Christian?

Letters to the Editor
Lindsay, Feb. 20, 1963
To the Editor of The Post,
Dear Sir:

In your paper of Wednesday, Feb. 14, 1963, there was a letter written by Mrs. C. Perrin of Cameron, under the words "Capital Punishment". Perrin is a lady. I want to think of her as a fine Christian personality. She also has a perfectly legitimate God-given right to think just as she likes, this is a free country. I think God, but I just don't agree with her. I cannot make her idea harmonize with the rest of Christ's teaching and examples. The same law or list of commandments which she says shall not say, they shall not commit adultery, shall not kill, shall not have the name of Christ forged, the woman that was caught and taken in adultery, shall not be condemned the woman of Samaria that came

Lindsay Kinsmen Band

to the well St. John Chapter 4. She had four husbands and was then living with a man not her husband. He did not speak to her in any form of sarcasm or insult, but, like any of your kindly, quiet, fully, and lead her to see that he was the promised One, the Messiah. He caused her to feel so happy she went with haste into the city, telling everyone that she could save and I mean that she told me everything I ever did, it was not this Christ did, it was this Christ fully.

Do not forget the Jewish law says stone to death anyone who is guilty of blasphemy. Before the gallows or electric chair, the judge would say to the condemned, "What would Jesus do? There are a number of other Biblical records that would give you this idea, if space would permit. Thanking you for past favors and space.

Yours,
Percy Hagist,
79 Peel St., Lindsay

additional charges pending

Lindsay Pair Remanded On Assault Charges

William Patrick Tracy and Vernon McGuire of Lindsay displayed a keen interest in obtaining legal aid when they appeared in magistrate's court here Monday. The pair were arraigned on assault charges following two incidents in which they are alleged to have participated on Saturday evening.

When McGuire faced Magistrate R. I. Moore on a charge of assaulting Vernon Drinkwater, the magistrate ruled that the accused had been before him a few days previous. "It might have been better if you had gone to jail then," he observed. McGuire disagreed. He pleaded not guilty to the assault charge. He also pleaded not guilty to the second charge of having struck in the face and kicked Edgar Dodds.

Tracy pleaded not guilty to having struck in the face and kicked Edward Dodds. When he said he wanted a remand to appear before Magistrate Moore said he would remand him, "in custody."

"What about aid my worship?" Tracy asked the magistrate.

McGuire said he was not guilty of the offense he was charged with and felt he should have the right to legal aid.

Crown Attorney Jordan asked Dodds and Drinkwater to appear before the bench with the observation that he wanted the magistrate to see the complainants. Dodds had a blackened eye and Drinkwater had some bloody looking scars about his nose and forehead. Neither man was bled.

Asked by Crown Attorney Jordan if he had been kicked, Drinkwater said he had but couldn't say by whom.

"What is necessary to robbery with violence?" Crown Attorney Jordan declared, disingering that the case was not complete at the moment.

Magistrate Moore said he didn't see any reason for putting off the case.

Tracy asked again about legal aid.

The Lindsay Kinsmen Band playing in the Toronto Kinsmen Music Festival Saturday placed second to the internationally known Barrie band, losing out by only two marks. Lindsay's entry received 79 marks to the 81 of Barrie.

Despite adverse road conditions several Lindsay people made the journey to Toronto to witness the competition held in the Eaton Auditorium.

In competition with Lindsay were bands from Orillia, Peterborough, Simcoe and Barrie. Adjudicator L. Hunt, remarked that the test pieces were competitors own choice and he felt in most cases they had chosen much too difficult selection. However the criticism did not hold true for either Lindsay or Barrie. Each band handling its selection beautifully.

Cancer Society Branch Organized in Fenelon

At a meeting held at Fenelon Mills—Mrs. M. Weaver, Medical Branch recently the formation of local officers—Dr. W. Graham, chairman, K. W. Griffin, secretary, and Mrs. B. Bell, secretary.

The following table of areas was named: President—Mrs. B. Bell, Secretary—Mrs. K. W. Griffin, Campaign and Education chairman—Mrs. M. D. Yearwood, Women's Services Committee—Mrs. M. Weaver.

Woodville Woman

Sister of Ambassador To Norway Relates "Internationalist Story"

Woodville PMS — The following human interest story was related to Miss Katherine McKay, sister of the Canadian Ambassador to Norway, Dr. A. Mackay.

Dr. and Mrs. McKay were recently spending a week in the north. While there a Canadian Pacific Airways plane carrying a number of refugees to Canada, was forced to land at Kerivik, the airbase just north of Reykjavik, Iceland, to land. The plane was damaged by afterwards gave birth to a son. Her husband and another child proceeded as scheduled to Canada.

The problem then arose as to how to get the mother and new baby into Canada, since all Airways lines from Iceland go to New York, and which would have made complications to her entry into Canada.

However, as R. C. A. P. had a stiff breeze, and lots of scrubbing. This procedure, which would have been a disaster, was averted by the fact that the mother and baby should be taken to the R.C.A.F. Coast direct to

Canada - Russian Game?

Trans-Canada Lined up For Olympic Hockey

The final game of the Olympic hockey tournament at Russia has asked the committee if its final game could be against Canada.

Nine teams will enter in the tournament. Preliminary round-robin rounds have been scheduled with three teams in each group. The two countries, with the best record from each group will advance to a round-robin final round.

Fine Levied in Wake Of "Failing to Yield Charge"

Magistrate R. I. Moore expressed amusement Friday morning when a man appeared before him on a "failing to yield" charge.

"What," the magistrate explained, "driving a car and can't speak the English language? How did he get a license? He won't know what it's all about—we have no French men here."

The situation resolved itself when it was announced that the defendant had his own interpreter.

Questioned by Crown Attorney Lorne Jordan, the officer who laid the charge said there were no "yield or stop signs" at the intersection where the accident occurred.

Magistrate Moore: "That's a pretty tough charge—didn't

Tenders Called For

"The Post" learns that work on the construction of the new Girl's Training School, located on the Oakwood Rd., on the outskirts of Lindsay will get underway shortly.

It is understood that tenders for the work have been called for.

When completed the school will house some 250 girls and there will be a staff of over 50.

Premier Leslie Frost turned the sod on the site several months ago.

Weekend Accidents

Heavy Roads Contributing Factor

Heavy roads were a contributing factor in three district accidents over the weekend. Property damage was relatively high in all instances and there were no personal injuries.

All three accidents occurred on Saturdays.

In the morning Bliven Coppins of Cameron and Lester Hinks of Mandeville were driving in a two-car collision near Ingles Service Station on Highway 155.

Around mid-afternoon Saturday, Hazelina A. C. Duck of Lindsay and Ed. Dodds of Cobourg were involved in a two-car pileup near Horton's Service Station on the same highway.

A car driven by Jas. John McLean of Little Britain rolled over on County Road 6 Saturday, damage is estimated at \$450. McLean was uninjured.

ONE-STOP SERVICE

This is the way that like to do her marketing—filling her list of needs in one place, from well-stocked shelves.

She likes to do her banking the same easy, convenient way.

At her local bank, all under one roof, a trained and courteous staff is ready to serve her. Here she can cash a cheque, arrange a loan, open a deposit account, rent a safety deposit box, buy money orders or travellers cheques—the list of banking services goes on and on.

Over all Canada, the chartered banks make this same convenient, one-stop service available to millions of customers.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Thought for the day

George Washington said during revolutionary war days: "We must bear up and make the best of mankind as they are... since we cannot have them as we wish."

Tourists Urged

"Avoid Peak Periods"

Tourists in Canada have a better, cheaper and more restful holiday if they avoid the peak periods of the last two weeks of July and the first two weeks of August. That was the consensus of a meeting between tourists and business and industry leaders convened by the Canadian Tourist Association, to discuss the growing peak season problem that is vexing tourist facilities close to large industrial areas.

During the peak season period, the highways are crowded, accommodation is scarce and in some cases more expensive. The employer gives his employees a vacation with pay thinking they will return refreshed for another year of hard work. If the employee returns tired and frustrated from fighting traffic and seeking adequate accommodation, he has lost the benefit of his holiday.

There has been a growing tendency for industrial plants to shut down completely for a vacation period. By far the largest proportion of these shutdowns take place at the height of the summer season. The last two weeks in July and the first two weeks of August. The Toronto Board of Trade reports that 292 member firms closed for holidays during the 1959 summer season.

A survey made by the Toronto Board of the Canadian Manufacturers' Association showed that 63 per cent of the firms replying shut down operations and some 34 per cent of these firms were closed during the peak season.

Ontario tourist operators report that the peak season problem is getting worse. In 1956, they say 28 per cent of the year's business was done before the peak period. Figures for vacations were down 26 per cent since in 1957, 28 per cent in 1958 and 19 per cent in 1959.

Spoken for the resort industry report that even a cheaper rate charged for the early weeks in July and the last two weeks in August has failed to reverse this trend.

A survey conducted by the Ontario Dept. of Travel and Publicity in the town of Bracebridge in the heart of the Muskoka Lakes district shows that the approximate number of tourists to enter the town during the last week in July was 153,465. The comparable figures for the last week in August was 106,484, a 29 per cent drop. As a control, the department reported that in the off-peak week of October 26 there was 49,130, 68 per cent less than for the peak season week.

It was brought out at the meeting that this trend in vacation in the peak four weeks of the summer tourist season was driving tourists away from taking their holidays in Ontario because of overcrowding at the height of the tourist season. If only 25 per cent of those firms that closed for a vacation during the peak

tourist period would switch their holidays to either the early or late summer weeks it would solve the problem.

was felt that much of the problem would be solved.

A vigorous campaign to publicize the problem and bring it to the attention of industry and labor leaders was urged as the best method to attack the problem.

Someone to be Honoured

For Contribution to Community

Someone is going to be honoured for their contribution to the community by the Victoria County High School Area to the Lindsay Collegiate in the community.

stitute of an Encyclopedia Britannica value of around \$250. Principal T. H. Eberle said the donor had urged that it be presented to the school in honor of someone who had made a substantial contribution to the community.

A committee was appointed to make the choice of the individual to be honoured.

FACTS for FARMERS

Some news of special interest to our farm subscribers

TIMELY TIPS
Think about the new squirrel cages or centrifugal fans if you're running into ventilation problems in your stable, suggest Ontario Dept. of Agriculture extension specialists Ross Milne, Leslie Propeller and John A. Macdonald. They aren't direct drive, either you can change pulleys since easily to they will run faster in warm weather and slower in cold. Another advantage: they run very quietly.

Now the time to buy your Lincoln, Ashenbach or Fisher broom grass for 1960's hay and pasture mixtures, says Dr. Bill Tosol, O.A.C. forage scientist. Last year's U.S. seed sale was the poorest in years and seed supplies are very low. Late buyers might be forced to buy the variety Canadian broom.

Geese will start laying early in February and keep going well until the middle of June. As a rule they will lay every other day if they don't go broody, says Earle Snyder of Poultry Husbandry, O.A.C. To prevent broodiness, gather eggs daily and confine birds that are starting to brood away from their mates and regular quacks.

Make sure your ewes get some grain the six weeks before lambing time, advises Prof. Ted Needham, of the O.A.C. Animal Husbandry Department. Feed oats and some barley or corn. About 1½ to 2 pounds (depending on the size of the ewe) of grain per day will do.

or.

There will also be extra excitement on Friday, the 30th, when the Quebec Dairy Queen will be chosen and crowned. On the last day of the event, prizes amounting to about three-thousand dollars will be presented to the winners of various contests.

TIMELY TIPS
Here's something for pond owners: Fish will winter-kill from lack of oxygen in snow-covered ponds, says O.A.C. Wildlife expert A. De Vries. Weekly snow removal will aid the sun to light to penetrate the ice to the water beneath, where it keeps up plant growth. These plants are necessary to provide small amounts of oxygen needed for winter survival of fish.

The ration fed to dry cows is probably responsible for many vitamin A deficiency in dairy cows, says O.A.C. livestock veterinarian, Dr. Howard Neely. Cattle need a constant supply of vitamin A since it is not stored in the body. Green, leafy legume hay and yellow corn (grain and silage) are excellent sources of vitamin A. Either one of these should help prevent vitamin A deficiency in new-born calves.

Sore teats can be a real problem at milking time, even during the stalling period. Dr. Howard Neely, extension veterinarian at the O.V.C. suggests bathing the injured teat just before milking time in a hot solution of epsom salt or boracic acid. This softens the teat, increases the circulation and deadens the pain. For best results, bathe the teat for 10 to 20 minutes with a hot solution as the cow can comfortably stand.

CHEESE SAMPLES ANALYZED
The Canada Department of

BARKING COULD CAUSE

HYSTERIC

A Memphis, Tennessee, City judge fined a man 11 dollars because the barking of his two black dogs could cause a catastrophe.

R. A. Robinson complained Richard Neufeldt's dogs were keeping him awake, and making him drowsy on the job. Robinson drives an ambulance truck.

Agriculture reports that in a small, compact laboratory at Ottawa, a total of 114,651 samples of cheese were analyzed last year. They were studied for extraneous matter by white frocked technicians working with spotless, stainless steel equipment.

For that small staff—usually by not more than six persons—last year was a record year. The Canada Department of Agriculture's cheese laboratory had surpassed by 75 per cent the 1958 test.

About 97 per cent of the cheese graded was able to fulfill the requirements of Canada first grade from the standpoint of extraneous matter. This is reported by F. D. Murphy, the official in charge of testing operations.

He says this is slightly lower than the previous year's percentage.

Canada was the first to undertake this analytic work on a national basis. And since this country pioneered in the work, equipment in the laboratory was designed by leaders in the Canadian cheese industry.

Reports now indicate that Australia is following in Canada's footsteps. She has now instituted a method of testing for extraneous matter that is almost identical to the one Canada has used for several years.

\$85 Million in "Green Gold"

Tobacco is one of Ontario's most profitable agricultural products and the 1959 crop presently being marketed is expected to bring in an estimated \$85 million. While last summer's production was slightly down from the 1958 all-time high of 176 million pounds of flue-cured tobacco,

higher prices for what is considered to be the "finest quality crop" ever harvested is expected to compensate for loss due to acreage reduction, hail and early frosts. Above, buyers at the Ontario Flue-Cured Growers Marketing Warehouse at Tillsonburg, Ontario.

Today's farmers include many Dutch, Belgian, Hungarian, German and Polish descent. Nimble-fingered women on the leaves for the kids. After that the success of the crop is in the hands of the "curemen". They must keep

a few pinks, raising the temperature gradually, for 5-6 days. A mistake on his part could be costly. Many of the "curemen", such as the one shown above, come up from the American south.

Today the Dutch Clock system of suction has replaced the old-time method of "barn buying". The face of the clock is graduated to price moisture and has a huge sweep hand. Numbered rounds of glass which used the centre of

the face are controlled by push button lights from the buyers' desks. The Dutch Clock auctioneer starts with the market price and comes down in quarter cent drops.

National Film Board of Canada Photos

With employment in Canada at the highest level in history, manpower to harvest the "green gold" presents a problem. Tobacco is planted by machine, cultivated by machine but must be harvested by hand, one leaf at a time, when that

leaf is ripe. Farmers, who work 6 to a team filling bonnets, are paid \$14 a day (plus cost of food) during the frenzied 6-week harvest of what has been described as one of the richest but "elusive" crops in Canada.
